SG is not an advisor and will not provide any advice relating to a product. Before making an investment decision, investors should ensure they have sufficient information to ascertain the legal, financial, tax and regulatory consequences of an investment to enable them to make an informed investment decision.

SG is not responsible for information stated to be obtained or derived from third party sources or statistical services. Any past or simulated past performance (including back-testing) contained herein is no indication as to future performance.

Estimates of future performance are based on assumptions that may not be realised. Investments in general and derivatives in particular involve numerous risk, including amongst others, market, counterparty default and liquidity risk. Trading options or futures involves additional risks and is not suitable for all investors. An option may become worthless by its expiration date, as it is a depreciating asset. Option ownership could result in significant loss or gain, especially for options unhedged positions. Prior to buying or selling an option, investors must review the "Characteristics and Risks of Standardised Options" available at http://www.optionsclearing.com/about/publications/character-risks.jsp or from your SG representative. All opinions and estimates are given as of the date hereof and are subject to change.
